SUMMARY

Career-transitioning Web Developer Intern with a strong interest in programming and web application development.

Currently improving skills in PHP, Laravel, MySQL, JavaScript, and React through practical projects.

Seeking a professional environment to gain real-world experience and grow as a developer.

SKILLS

Backend: PHP, Laravel MVC, Routing, Controller, Validation, Middleware, Eloquent ORM, REST API basics

Frontend: HTML5, CSS3, JavaScript, React basics, Tailwind CSS, Bootstrap, Blade

Database: MySQL, SQL Server

Tools: Git, GitHub, VS Code, PhpStorm

Other: AI prompting basics, AI-assisted coding tools

Workflow: Scrum/Agile basics, GitHub collaboration

PROJECTS

ZenStyle Salon/Spa Management Web App — Full-stack Developer

Tech Stack: Laravel, MySQL, Tailwind CSS, Blade

- Built CRUD features for services, products, staff accounts, appointments, and comments.
- Implemented booking flow with customer/service/stylist selection, appointment status, and basic schedule validation.
- Worked with Laravel MVC, Eloquent relationships, validation, middleware, seeders, and Blade views.
- Applied JWT authentication flow and Firebase FCM basics for staff/admin access and booking notifications.
- Worked in a Scrum/Agile team workflow with GitHub-based collaboration.

YouTube Mini App — Frontend Developer

Tech Stack: React, Tailwind CSS, JavaScript

- Built a YouTube-like web application using React and Tailwind CSS.
- Fetched and displayed video data from an external API.
- Implemented basic authentication and saved user data with LocalStorage.
- Practiced React Router, component structure, state management, and responsive UI.

Web3 Landing Page — Frontend Developer

Tech Stack: HTML/CSS

- Built a responsive landing page using HTML, CSS, Flexbox, and Grid.
 - Optimized layout for desktop, tablet, and mobile screens.
-

EDUCATION

FPT Aptech | Full Stack Developer | 2025 – 2027

In Progress

Hanoi University of Industry | Electronics and Telecommunications Engineering Technology | 2018 – 2023

Degree classification: Good

WORK EXPERIENCE

Design Technician | TAICOM.,JSC | 03/2023 – 03/2025

- Created technical drawings and handled engineering-related data
 - Worked with technical documents and supported project delivery
-

CERTIFICATES

- TOEIC 780 — 28/03/2025
- Google AI Essentials - Coursera
